

## How to activate HUA Dongle for Infinity Box/Dongle

1. Connect Infit Box/Dongle to PC
2. Run **Infinity "DongleManager"** version 1.56 of higher !
3. Select your Box/Dongle type
4. Make "Read dongle serial number (S/N)" operation  
Instruction with images is [Here](#)
5. Send **Serial Number (S/N)** to your Reseller or use [Infinity Online Service](#)
  - Do not send to Reseller Username/Password that you will see during **S/N** read procedure !
6. Wait a confirmation from Reseller  
If you use **Infinity Online Service** you will get an **instant** confirmation.
7. Run **Infinity "DongleManager"** once again and update your Box/Dongle firmware:
  - connect box to PC
  - click to "Upgrade dongle firmware" button
  - click to "Next" button
  - click to "Next" button
  - wait 1 minute until process finished
8. Read **Serial Number (S/N)** and be sure that you have new software activated

You must use **HUA Dongle (All-in-One) Rev 1.3.4** or newer !

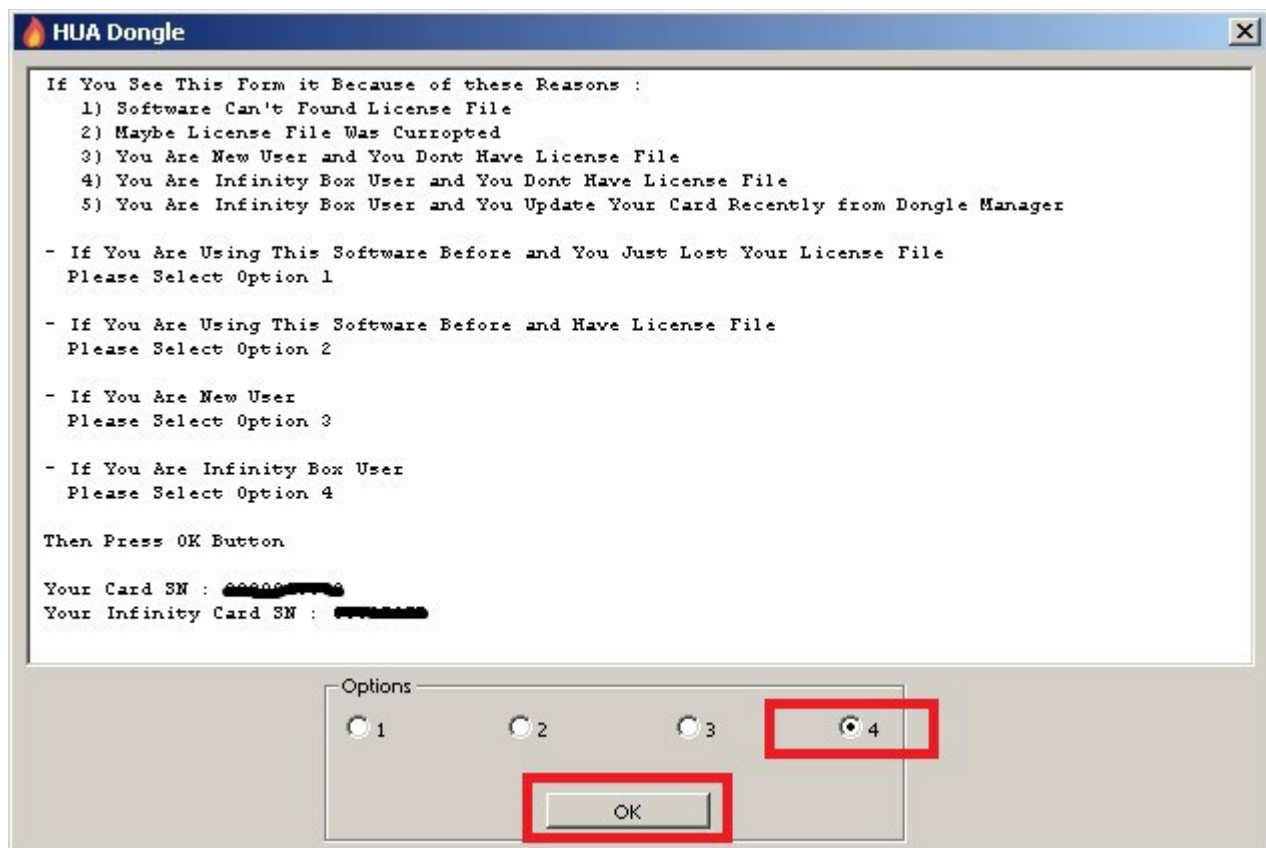

1. Download and install [HUA Dongle](#) software
2. Run **Hua Dongle** software
3. Select **Infinity-Box** and click to **"Run"** button

4. Wait some time, software will detect Dongle

5. Select **Option #4** and click to "Ok" button

6. Enter your registration data and click to "**Request License**" button:
